"When educating the minds of the youth, we must not forget to educate their hearts'. These wise words by the Dalai Lama resonate with our own core values, and here at SSSV we feel responsible for educating both. The education imparted is well-balanced, concept focused and research-based through progressive LIFE SKILLS curricular practices. The learner is at the centre of everything we do and opportunities are created for self-directed learning, and improving skills and understanding. Education is the basis of all progress. It is for this very reason that we forayed into education, about 20 years back. Our experience has taught us that progress is possible only if people are well-educated. The entire purpose of education is not to restrict itself to imparting bookish knowledge only but inculcate humanitarian values like wisdom, compassion, courage, humility, integrity, and reliability in a student. Let us make a thinker, a leader, an artist, a scientist, a sport star, an environment lawyer, an artist, a musician what not....

Student here is a dreamer, self learner & an achiever.

Welcome to future.

Team SSSV

I EXCEL EVERY DAY

FANTASTIC FIVE : NUR – LKG – UKG – GR. 1 & 2

SELF KNOWLEDGE

SELF CONTROL

SELF-ASSESSMENT

SELF LEARNING

Curriculum : International Pre-primary program is taken up in SSSV. It is to nurture the young minds with more adopting and understanding the environment around. It is designed on the ideals of 'in making of future.

WAYS TO TEACH

TEACHING & CURRICULUM

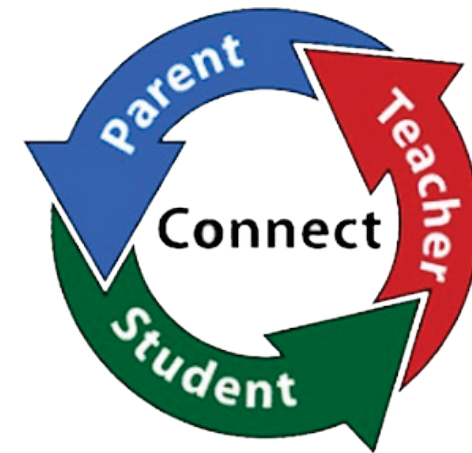

At SSSV teachers are trained intensively throughout the year. They have a wide variety of tools to enrich and support effective teaching.

- ★ Continuous Comprehensive training (CCT).
- ★ Continuous Comprehensive audits on academics and operations.
- ★ Workshops & Seminars.
- ★ Curriculum superstructure - year plan for teachers to prepare content and process for delivery in the classroom assessments holistic assessment terms and evaluation for future performance.
- ★ Lesson plans over 15,000 lesson plans from Nursery to Grade 7.
- ★ Pedagogical profiles - summary sheets
- ★ A separate curriculum is designed for the development to achieve higher order thinking life skills & 21st century skills.
- ★ Counseling sessions

CONNECT

.. a unique Parent Teacher Meetings

is a prominent and notable feature of SSSV. The motive is to develop effective interaction of parents with the teachers with regard to the progress shown by their wards and finding workable solutions.

- ★ Every second Saturday is a PTM Day
- ★ Open house
- ★ Class wise discussions with class teachers
- ★ Student wise analysis
- ★ Announcements
- ★ Feedback

SCHOOL CABINET

The students are divided into four houses. Their participation and performance will be adding points to their house. **Overall championship** of the year will be given to the house that secured highest number of points.
